

SECURITY AND LAW ENFORCEMENT

1. REASON FOR ISSUE: To revise directives and policy formerly contained in VHA Supplement to MP-1, Part I, Chapter 2, Section B, Center Security and Law Enforcement.

2. SUMMARY OF CONTENTS/MAJOR CHANGES: This directive sets forth the policies and responsibilities for the maintenance of law and order and the protection of persons and property on Department property. It contains:

(1) Policy statements regarding the-management of the program from Central Office and at field facilities;

(2) The training of VA police officers; and

(3) Responsibilities for implementing and managing the security and law enforcement program, to include those of the Deputy Assistant Secretary for Security and Law Enforcement.

3. RELATED HANDBOOK: VA Handbook 0730, Security and Law Enforcement.

4. RESPONSIBLE OFFICE: The Police and Security Service, Office of Security and Law Enforcement, is responsible for the material contained in this directive.

5. RESCISSIONS: VHA Supplement to MP-I, Part 1, Chapter 2, Section B, Center Security and Law Enforcement, dated July 23, 1986, Appendices A-C thereto, dated July 23, 1986, and Interim Issue 10-87-5, dated June 26, 1987.

CERTIFIED BY:

**BY DIRECTION OF THE SECRETARY
OF VETERANS AFFAIRS**

Acting Principal Deputy Assistant Secretary
for Information and Technology

Eugene A. Brickhouse
Assistant Secretary for Human
Resources and Administration

DISTRIBUTION: RPC 3280
FD

SECURITY AND LAW ENFORCEMENT

1. PURPOSE

a. This directive implements the provisions of Title 38 U.S.C. Chapter 9 pertaining to the Department of Veterans Affairs (VA) nationwide Security and Law Enforcement program. It encompasses the maintenance of law and order and the protection of persons and property on Department property. It provides policies applicable to the management and administration of this program from VA Central Office and within VA facilities nationwide located on Department property. Detailed physical security and law enforcement program requirements and procedures are contained in VA Handbook 0730, Security and Law Enforcement.

b. This directive is set forth solely for the purpose of internal departmental guidance. It is not intended to, does not, and may not be relied upon to create any rights, substantive or procedural, enforceable at law by any party in any matter, civil or criminal, and does not place any limitations on otherwise lawful activities of the Department.

2. POLICY

a. Police and Security Unit Organization and Staffing

(1) Within a VA field facility, police resources are organizationally placed and structured in such a manner as to ensure appropriate monitoring of law enforcement activities. The organizational title of each unit will include the words "Police and Security." A Police and Security unit is supervised from the office of the VA field facility head and will not be a subordinate part of any other organizational unit.

(2) Each Police and Security unit must be supervised by a qualified law enforcement professional or a supervisory police officer. This supervision encompasses full technical responsibility for conducting law enforcement and physical security operations as described in this directive and VA Handbook 0730.

(3) Each VA field facility or division will have a sufficient number of VA police officers on duty, at all times, necessary to maintain law and order and to concurrently provide protection of persons and property throughout the facility. At no time will a VA field facility or division be left without VA police officer coverage, to include provisions for appropriate and timely backup. Factors for determining the level of police staffing are contained in VA Handbook 0730.

(4) All police personnel will be assigned duties and responsibilities consistent with the organizational responsibilities for the maintenance of law and order and protection of persons and property on Department property. Police personnel will not be assigned duties and responsibilities

that would in any manner detract from the above stated purpose or that are outside their scope of employment.

(5) VA police officers will be rotated on each duty shift on an equitable and uniform basis. An officer must spend an equal amount of time on each shift during any given 12 month period. Duty shift rotation ensures the equitable distribution of workload intensity; the exposure of all VA police officers to the full spectrum of duty experiences; and the uniform application of performance standards, evaluations, training, and promotion opportunities. Police officers pursuing formal job related educational programs may be exempted from shift rotation until completion of the educational program.

(6) VA police officers will be rotated among duty assignments within each duty shift.

b. Police Code of Conduct

(1) In order to fully serve the VA mission while accomplishing their specific law enforcement and protective duties, Police and Security personnel will:

(a) Render courteous assistance to patients, visitors, and employees at all times;

(b) Project a favorable image of law enforcement and protective authority through alertness, appearance, and competent performance of duty;

(c) Retain full control of temper when abused or in a confrontation with a belligerent person; and

(d) Refrain from verbally or physically abusing patients, visitors, or employees displaying an arrogant or bullying demeanor, and misusing authority or weapons.

(2) Infractions of any one of the listed codes of conduct may be cause for disciplinary or adverse action.

c. Human Resources Issues

(1) **Qualification.** Persons employed as VA police officers must meet the current qualification standards for the GS-4 level of the GS-083 Police Series. The employment of persons at lower than the GS-4 level within the police series or the employment of persons in the GS-085 Guard Series is not authorized.

(2) **Suitability.** A prospective police officer's general background and work history must reflect personal characteristics of trustworthiness and overall fitness to carry out the duties and public trust inherent to the position. No person will be employed as a VA police officer whose history reflects a disregard for laws and regulations.

(3) **Pre-Employment Screening Process.** Pre-employment screening procedures for police officer applicants under final consideration for selection will be accomplished as outlined in VA Handbook 0730. Applicants will not be appointed prior to the completion of the full pre-employment screening process.

(4) **Sensitivity Level Designation.** All police officer positions will be designated as Noncritical-Sensitive. The Human Resources Management Service will initiate post-appointment minimum background investigations on all police hired.

(5) **Medical Standards.** All police officer applicants and those currently employed must be capable of performing the designated physical and mental functional requirements essential to the duties of the police officer position. These requirements are contained in VA Handbook 0730.

(6) **Notification of Weapon Policy and Arrest Reporting.** A VA Form 9044, Weapon Policy, Law Enforcement Jurisdiction, and Arrest Reporting, will be provided to each newly employed VA police officer for reading of part I, the notification, and signing of part II, the acknowledgment of notification. The responsibility for this function will be determined at the local level.

(a) Unless otherwise authorized by VA policy, a VA police officer will not possess or introduce a firearm on VA property while scheduled for VA duty even though the officer may be authorized or required to possess that firearm by virtue of non-VA employment or any other reason. For more detailed information on firearms and VA police, see VA Directive 0720, Program to Arm Department of Veterans Affairs Police and VA Handbook 0720, Procedures to Arm Department of Veterans Affairs Police.

(b) VA police officers will promptly inform the supervisor if arrested for any criminal offense except for traffic and parking citations that do not result in criminal charges.

1. A VA police officer who is arrested is required to inform the appropriate supervisor on the first working day that the officer reports to work after the incident.

2. This report will include the alleged offense(s), to include whether a felony or misdemeanor, date of alleged offense(s), and the name of the arresting jurisdiction.

d. Basic and Specialized Training

(1) The VA basic training and orientation course is designed to fulfill the guidelines and standards of the Attorney General for preventing the unauthorized use of Federal law enforcement power. With emphasis on specialized aspects of security and law enforcement in the health care environment, it also provides VA police officers with the knowledge and skills to successfully manage situations involving patients. All VA police officers are required to attend and successfully complete the prescribed course during the first 90 days of employment. This includes full-time, intermittent, and part-time employees. Training is conducted by VA instructors at the VA Law Enforcement Training Center, VA Medical Center, North Little Rock, Arkansas.

(2) As specified in Title 38 CFR 1.218(c)(2), a police officer's failure to successfully complete the prescribed training course requires that the employing VA field facility withdraw statutory law enforcement and arrest authority vested in that police officer.

(3) VA police officers who have left the Police and Security unit employment and return after 3 years of separation will be required to attend and successfully complete the basic police officer training course. Any exceptions to this must be approved by the Director, Police and Security Service.

(4) All VA police officers will be trained in the use of the designated and approved VA weapon(s). Recertification in the use of the baton will be made on an annual basis. Initial training and recertification are accomplished at the local level by qualified VA staff. Training and recertification in the use of firearms will be in accordance with the policies and procedures outlined in VA Directive and VA Handbook 0720, Program to Arm Department of Veterans Affairs Police.

(5) All VA police officers will undergo initial entry and continuing in-service training.

(6) VA police officers may be required to periodically attend refresher training courses at the VA Law Enforcement Training Center. Failure to attend such courses when scheduled may result in the withdrawal of an officer's law enforcement and arrest authority.

e. Police and Security Unit Operations. Police and Security unit operations are based on the physical security and law enforcement functions necessary to carry out the program's mission.

(1) Standard Operating Procedure. Each VA field facility will establish a Standard Operating Procedure (SOP) that provides general and specific methods and guidance to VA police officers to ensure the efficient and effective operation of the Police and Security unit.

(2) Police Operations Room. Each VA field facility will establish an Operations Room from which police operations can be most effectively controlled. H-08-9, Chapter 279, Planning Criteria for VA Facilities, Police and Security Service, will be used as minimum standards for space allocation.

f. Physical Security

(1) The minimum requirements for physical security at a VA field facility are outlined in appendix B of VA Handbook 0730. These include specifications for physical barrier security, lock set hardware, alarms, and storage containers for high value items and dangerous drugs.

(2) Other mandatory physical security aspects and techniques are contained in paragraph 6, Physical Security, of VA Handbook 0730.

c. Deputy Assistant Secretary for Security and Law Enforcement. The Deputy Assistant Secretary for Security and Law Enforcement is responsible for:

- (1) Ensuring the development of policy and procedures related to VA field facility security and law enforcement operations;
- (2) Ensuring that investigations are conducted of alleged criminal activity related to VA field facility law enforcement and security;
- (3) Ensuring the protection of the Secretary of Veterans Affairs while on VA property and, through special delegations from the Department of Justice, off VA property; and
- (4) Ensuring that appropriate training is provided to VA police officers.

d. Director, Police and Security Service. The Director, Police and Security Service, is responsible for:

- (1) Developing, coordinating, and disseminating policy and procedures related to VA field facility security and law enforcement operations;
- (2) Providing technical guidance to VA field facility directors and Chiefs of Police and Security units;
- (3) Providing inspective oversight of VA field facility Police and Security units;
- (4) Conducting investigations of alleged criminal activity related to VA field facility law enforcement and security; and
- (5) Providing for the protection of the Secretary of Veterans Affairs while on VA property and, through special delegations from the Department of Justice, off VA property;

e. Director, Law Enforcement Training Center. The Director, Law Enforcement Training Center, is responsible for:

- (1) Developing policy regarding training requirements for VA police officers;
- (2) Developing and providing basic and specialized training to VA police officers;
- (3) Managing the VA Law Enforcement Training Center; and
- (4) Establishing procedures to ensure that VA police officers receive appropriate in-service training.

f. Chief Network Officer and Network Directors. The CNO and Network Directors will ensure that all requirements of this program are fulfilled.

g. VA Field Facility Directors. Directors of VA field facilities located on Department property are responsible for:

- (1) Providing for the protection of persons on Department property in accordance with the standards set forth in this directive and in Handbook 0730;
- (2) Providing for the protection of Government property;
- (3) Ensuring that law enforcement activities are accomplished in a legally and technically correct manner; and
- (4) Maintaining and equipping a sufficient number of VA police officers to ensure the protection of persons and property and the appropriate accomplishment of law enforcement activities.

h. Chief, Police and Security. The Chief is responsible for:

- (1) Implementing legally and technically correct law enforcement practices and physical security operations; and
- (2) Providing guidance and in-service training to meet program and VA field facility goals and objectives.

i. VA Police Officers. VA police officers are responsible for:

- (1) Conducting law enforcement and physical security tasks consistent with crime prevention goals and objectives for VA field facility security;
- (2) Performing duties and responsibilities commensurate with law enforcement and physical security needs of the VA field facility;
- (3) Rendering courteous assistance to beneficiaries, visitors, and employees; and
- (4) Exercising leadership and control during emergency situations.
